8 fl. oz. (236 mL)

ABSORBINE®

The Horse World's Most Trusted Name®

- Glycerin rich formula cleans and conditions most types of leather
- pH balanced, will not harm stitching
- Great for touch-ups before competition

Horseman's One Step® easy-to-use spray cleans and conditions leather and synthetic leather products. Our unique **micro spray** even works upside down for easy application to saddles on racks. The fine mist penetrates crevices to clean and condition without dripping, then **dries fast** so that saddle covers can be applied. Horseman's One Step preserves and conditions leather to keep it soft and pliable, protects against drying and cracking while leaving a beautiful satin sheen, all in one easy step.

DIRECTIONS:

- Will not darken most leather. If in doubt, test a small hidden area. Not for use on suede.
- Apply Horseman's One Step Spray in light, even strokes on leather.
- Polish with clean, dry cloth or soft brush.
- For best results apply to tack regularly.
- For very dry leather, several light applications are recommended.

CAUTION: EYE IRRITANT. Contents under pressure. CONTAINS: Water (7732-18-5), 1, 2, 3-Propanetriol (56-81-5), Aliphatic Ethoxylated Alcohols (78330-20-8), Tetrasodium EDTA (64-02-8). Use with adequate ventilation. Avoid contact with eyes. Do not puncture or incinerate container.

FIRST AID

INHALATION: Remove affected person to fresh air. Apply artificial respiration if necessary. Get medical attention; **SKIN:** Remove contaminated clothing; wash affected area with soap and water; if irritation persists, seek medical attention; **EYES:** Check for and remove contact lenses. Flush eyes with clear running water for 15 minutes while holding eyelids open; if irritation persists, seek medical attention; **INGESTION: DO NOT** induce vomiting unless directed to do so by a physician or poison control center. Get medical attention immediately.

STORAGE: Do not store near heat, open sparks, or flames. Do not expose to temperatures above 120°F as container may vent, rupture or burst. Do not puncture or incinerate container. Do not store in direct sunlight.

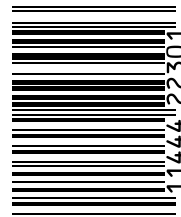

Store in a cool, dry, well-ventilated area away from incompatible materials.
